

Backend Implementation Tickets

Report generated: 2026-02-15 14:53 UTC

BE-01: Demo Login Endpoint

- Goal: Ensure /api/demo-login exists in public deployment.
- Acceptance: POST /api/demo-login returns 200 and sets session.
- Files: /Users/personal/Desktop/SymbiosoAI THINK TANK/SymbiosoAi-v4-12326/server/routes.ts

BE-02: /api/think Demo Access

- Goal: Allow demo users to run debates.
- Acceptance: Demo users can call /api/think successfully.
- Files: /Users/personal/Desktop/SymbiosoAI THINK TANK/SymbiosoAi-v4-12326/server/routes.ts

BE-03: Tutorials Recommendations 500

- Goal: Fix /api/tutorials/recommendations failures.
- Acceptance: Returns 200 with safe fallback data.
- Files: /Users/personal/Desktop/SymbiosoAI THINK TANK/SymbiosoAi-v4-12326/server/routes/tutorials.ts

BE-04: Standardize Error Response Shape

- Goal: Consistent API error body across routes.
- Acceptance: All routes return { error: { code, message, requestId } }.
- Files: /Users/personal/Desktop/SymbiosoAI THINK TANK/SymbiosoAi-v4-12326/server/**

BE-05: Correlation IDs

- Goal: Attach request ID to responses and logs.
- Acceptance: Response headers include x-request-id; logs include it.
- Files: /Users/personal/Desktop/SymbiosoAI THINK TANK/SymbiosoAi-v4-12326/server/middleware/**

BE-06: Structured Error Logging

- Goal: Capture 5xx with context, no PII.
- Acceptance: Central error middleware logs structured JSON.

- Files: /Users/personal/Desktop/SymbiosoAI THINK TANK/SymbiosoAi-v4-12326/server/index.ts

BE-07: Permissions-Policy Header Fix

- Goal: Fix invalid policy directives.
- Acceptance: Browser console free of policy warnings.
- Files: /Users/personal/Desktop/SymbiosoAI THINK TANK/SymbiosoAi-v4-12326/server/middleware/securityHeaders.ts

BE-08: Billing Route Consolidation

- Goal: Remove /api/billing vs /api/stripe overlap.
- Acceptance: Single billing surface with clear route ownership.
- Files: /Users/personal/Desktop/SymbiosoAI THINK TANK/SymbiosoAi-v4-12326/server/routes/billing.ts, /server/routes/stripe.ts

BE-09: Integration Retry Policy

- Goal: Add retry/backoff for Stripe/Slack/Jira calls.
- Acceptance: Retry with capped exponential backoff.
- Files: /Users/personal/Desktop/SymbiosoAI THINK TANK/SymbiosoAi-v4-12326/server/routes/stripe.ts, /server/routes/slack.ts, /server/routes/jira.ts
